

February 3, 2010 Safety Committee Meeting Minutes

TK - Last months Forum. How to make them better

Introductions

Review of Best Practices

Best Practices for today

Volunteers - Letty Coleman (leader), Kevin, Tony, Ariel

How to Lead with Safety

Forum might go longer

1:00 – 5 or 10 minute break and then stay to discuss (30-45 minutes) no later than 2:00

Sam - Leadership – Soliciting questions

TK - Hand in question to Sam

Next month Forum (Lift Permits Cranes)

To be presented by Steve Stewart with Andres

Next Forum - March...

TK suggestion (our group to write Stand Down topics)

March - Do Stand Down Assignments

April Forum topics

Sam to do BBS in July or August

Safe Start is going to do a Forum in Dallas

Scaffolds – Previously must do = combine with equipment

Perry's, Baker's, etc. (Fort Worth OSHA fines for not having a C.P. there when moving)

Best Practices

(Scaffold Company)

(Administration)

Crank up scaffolds, tower scaffolds, etc. "A" Frame Plaster Scaffolds – Raymond is leader – Dave

June – Shawn - New equipment

- Self erecting cranes, etc.
- Back hoe with forks (factory) etc.

Raymond – June new crane standards is out

TK – We need to start new crane standard Best Practices

TK – Best Practices new crane standards – we already have one which incorporates most of the new standard.

Sam – Today’s forum might bring forward lots of new ideas for future forums
Stand Down 2110 May 5

Ariel – New engines – report coming

Review of objects

TK – Methods of teaching

 Involve P.M.’s and Supt.

 Bring a guest

Last Friday of each month at 7:00 am
