

February 3, 2010 Safety Committee Meeting Minutes

Tim Kuykendall, The BECK Group – Chair
Ariel Cruz, Don Burden & Associates – Chair Elect
Jim Dunn, BakerTriangle – Secretary
Tony Santiago, Southwest Construction Services – Best Practices Director
Tim Adams, MEDCO Construction, LLC – Past Chair

TK- Late

TA- Doing introductions
Overview of Membership requirements
Meeting times
Officers & Officer duties explanation

Lois- Website introduction
How to find & navigate

Best Practices, what does it mean?
How to make the standards work
Written after each Forum
3 on website now

TK- Showed up 10:15
Introduced – he promised not to be late again

Green – Everything on website
We are to determine Forums for each month
We need one for February
Move up Steve's Lift Permit from March to February?

TK- Determine topics 10 most cited standards and fatalities
He proposes that we look at summaries to determine Forum topics
Excel with graphs
3 categories – 70% of fatalities
Region 6 is 4th from top
Region 6 charts on fatalities
Charts will be put on website
Falls, Struck By, Caught In Between

For next month (Feb)

John Sanderford - proposed taking three top

Dan Saddler – Steer Forum subject to new audience, had Focus Four

Discussion

- Suggest training (?) of guys in the field
- Subcontractor meetings
 - How to present (pass down) the info from the superintendents to the field guys
- Swing Stage - OSHA and fatalities
- Scaffolds - OSHA and fatalities

TK- Perhaps change the way we present information. Use demonstrations to be creative in the way we present

Forum attendees need something they can take back to jobsites immediately. (handouts, safety meeting presentations they can use)

Discussion

2nd and 3rd tier subs are responsible for most fatalities. How to get it down

Discussion

G.C. rules uniform over all jobs

Ask field hand what they understand from the safety meeting

Individual must take responsibility

Forum Topic

-How do they get the info down to the people doing the work

-Forum meeting

-**John Sandford** – Participation

-He ask a steel worker forman, “do you want me to run your safety program.”

-**Solis** – did fall protection, equip. demo

-MSA also

-Influence ownership – like laborers (video “How we Lead”

Proposed – “How to influence Leadership”

Ownership

“Leading Safety

Ownership and Influence”

-Proactive stance

(Roundtable Discussion)

Question to Superintendents

Would you be willing to bring some subcontractors

-2nd and 3rd tier subs present special problems

-and Video 15 to 20 min.

Proposed – Show video then start Roundtable with questions

-influence ownership – accountability

-Safety Director sees that JHA’s or pre task is done

(Safety Director of Burns and McDonald) get him for Forum?

-Squeezing 14 hours into 8 or 10 hour day

-Eye to eye

- Why as a supt. do you do safety.

-“Work for your family” the job is how you get your wages

-Remind them that it’s for the family

-Picking subs

-Pictures of family. – Exercise program

Bruce – Getting info to subs and workers

-Dirty Dozen list – to be presented during the sub safety meeting

-Pre task meetings – most are doing

-Have sub describe his scope of work from beginning to completion.

(then GC can hit red flags and relate expectations to the sub, then verify they are doing it correctly as planned.

-1st tier subs to relate to their 2nd and 3rd tier subs

-Get Burns and McDonald Supt. for Greenville jobsite

-How does the safety affect protection

-Pre const. Meeting-

In last pre con meeting

Get PM, Supt, Forman for all subs into the meeting (it has been working well for the last 6 months)

If a sub changes key participants they must have another sub meeting
TK – (Surveyed by raised hands) Pre Task – Do we collect them? Do you review them?
Weekly safety meetings
-Aligning GC in their procedures
-*We are doing “Leading Safety-Influence and Ownership”

*We are gaining on getting it down to sub workers

2010 Objectives

- TK-** Lets pare them down
- I. a). Support TBB Safety Committee meeting measure 10%
b). Build TEXO alliances – assist subs (mentor measure?)
 - II. Crane Standards – When? Bring forth summary of change
 - III. Tech. Utilization
 - IV. Re-ignite OSHA’s involvement with this Committee
 - V. Inc. training
 - VI. Our Saf. Committee – get Supt. involvement
 - VII. Limit size
 - VIII. Drive safety to subs
 - IX. Awards Appreciation
Safety Excellence Awards
(How about other Home Chapters)
(include)

How is Best Practices going to work with Feb. Forum.

TK- Post (small group to) videos of Saf. Supt. Forums
Have a formal mentoring program for subs (details to be worked out)
Expectation that each member bring a guest and attend the Forum

-3 Objectives

Improving training methods
How supt.

Dorothy – Suggest we have a stand alone safety awards recognition

-4 Objectives

Mentor
Train Development
OSHA
Awards

Best Practices committee for today

TK- video tech. Group to rec. Forum meetings. Matt, Ariel, John LaPorte

- Mentoring program group as a whole
- Awards – Letty, Ariel

Inspectors – PPE

Safety, etc.

Raymond – DISD

Get inspectors names – jobsite*

Vice President-

City inspector

COG – Jack Baxley
